

Company Profile

About EDGE

EDGE is an advanced technology group established to develop disruptive solutions for defence and beyond. Solving real world challenges, it is dedicated to bringing innovative technologies and services to market with greater speed and efficiency.

Starting with breakthrough innovations in the high investment sector of defence, EDGE places a priority on national security. Consolidating over 25 entities and employing more than 12,000 brilliant minds, it offers expertise in five core clusters: Platforms & Systems, Missiles & Weapons, Cyber Defence, Electronic Warfare & Intelligence and Mission Support.

With the adoption of advanced technologies such as autonomous capabilities, cyber-physical systems, advanced propulsion systems, robotics and smart materials, and a focus on artificial intelligence across all products and services, EDGE is creating interoperability and developing cross domain expertise – responding to an era where adaptability is everything.

EDGE is developing deeper international and local partnerships across the defence and technology spectrum. It is a magnet for global expertise and exceptional talent, reimaging capabilities with research and development at its core.

Headquartered in the United Arab Emirates, EDGE is a catalyst for change, creating technologies that transform and transcend an array of industries.
