

Ali Al Hosani

Human Capital & General Services Manager, LAHAB

Ali Al Hosani is the Human Capital & General Services Manager of LAHAB.

In his managerial role, he is responsible for enhancing LAHAB's human capital by planning, implementing, and evaluating employee relations and HC policies, programs, and practices. He maintains the company work structure by updating job requirements and descriptions for all positions, in order to keep up with market requirements. Furthermore, he leads the day-to-day HC & GS activities, as well as implements processes to enhance operational efficiency. Ali frequently examines employee performance records to identify any skill gaps, along with the respective seminars and workshops to both address and improve employee skillsets.

Prior to joining the defence industry, Ali Al Hosani spent 3 years as a Customer Services Representative at the Road and Transport Authority (RTA). He also served as the Senior HR in the National Petroleum Construction Company for 6 years, where he was responsible for employee relations, recruitment, learning and development.

Ali Al Hosani holds a Bachelor of Science degree in Human Resources Management from American University in the Emirates, UAE, and a Diploma of Business Management and IT from Higher Colleges of Technology, UAE.
