

## **Theunis Christoffel Botha**

### **CEO, AL TARIQ**

Theunis Botha is CEO of AL TARIQ, an EDGE Group entity and regional leader in aerial weaponry and manufacturer of precision-guided systems.

In this role, he is responsible for liaising with the company's board of directors to steer its strategic direction. Theunis is also involved in coordinating with business partners and fulfils the role of Director of Operations, playing an instrumental role in the optimisation of company functions.

He brings a wealth of experience spanning more than 35 years to his role.

Prior to AL TARIQ, Theunis completed a tenure as General Manager of Tawazun Dynamics, later re-branded to Barij Dynamics, where he supervised the product and business development functions.

In a previous role, Theunis served as Business Unit Manager of Stand-Off Weapons group in Denel Dynamics (previously known as Kentron) in South Africa, where he was responsible for setting the business-related strategic planning and objectives, for all air launched stand-off weapons in the Denel Group.

Theunis Botha holds a National Diploma from Pretoria Technikon in South Africa and has completed several courses in Project Management and engineering related disciplines. He has also received various individual performance awards, including CEO Award as Values Champion of Kentron.
